HOEM

GARDEN STUDIOS

A garden studio should be a Hoem

*A beautiful retreat with the creature comforts
you have come to expect from modern living.*

*Your garden studio can be tailored to your
individual specifications using materials selected
from a carefully curated range of Hoem finishes.*

Example Configuration

Guide Price 01

2.4m x 2.0m

Construction methods and thermal performance to the same standard as most modern homes. Energy rated slim profile aluminium windows and doors achieving exceptional thermal rating and incorporating high security multi-point locking systems. FSC certified materials complimenting Hoems environmental focus.

Estimated example cost £18,500 + VAT

Prices exclude ground works (if required) and electrical / WiFi connection to your house.

Foundations and groundworks packages available, price on application (subject to site survey).

Illustrations are artist impressions only and represent materials and colours as closely as possible in this format.
